

Childline Gibraltar Annual Report 2023/2024

CHAIR OF TRUSTEES' INTRODUCTION: ANNUAL REPORT 2023/24

As the Co-Chair of Trustees, I am immensely proud when I reflect on a year of exceptional progress and achievement for Childline Gibraltar.

This report covers the period of significant development for our charity, from 1st July 2023 to 31st June 2024, a time in which we have expanded our reach, strengthened our services, and enhanced our partnerships, all in service of the children and young people of Gibraltar.

We have witnessed a year of growth, innovation, and collaboration. A major highlight was **Childline Gibraltar's acceptance as a member of Child Helpline International (CHI)**, a prestigious global network of child helplines that allows us to enhance our ability to protect and advocate for the rights of children worldwide. This membership is a remarkable milestone, reflecting our commitment to providing high-quality support and protection for children in Gibraltar while contributing to global efforts to improve child welfare.

Additionally, we were proud to **rejoin the Child Protection Committee**, reinforcing our commitment to child protection and aligning our practices with

the best global standards. This development reflects our continued dedication to safeguarding, as well as our role in the broader international network of Childline services.

Our long-standing partnerships have played a significant role in our success this year. We've continued to develop our collaboration with **Childline UK, NSPCC UK, Care for the Family UK**, and the **National Appropriate Adult Network UK**, whose support in terms of best practices and training has been invaluable.

We have also strengthened our relationships with local government departments, including the **Care Agency, Department of Education, Gibraltar Health Authority, Ministry for Justice**, the **Royal Gibraltar Police and HM Customs**, ensuring our services are well integrated with the broader child protection framework in Gibraltar.

The resilience and commitment of our **Board of Trustees** and the leadership they provide have been pivotal in guiding the charity through these exciting times. Their expertise, vision, and steady direction of these Trustees have ensured that we have navigated the challenges faced and continued to grow and evolve year after year.

Finally, I would like to extend my heartfelt thanks to all who have supported Childline Gibraltar over the past year. A special thank you to our **CEO, staff, and volunteers** for their continued dedication and professionalism. Their passion and hard work make our mission a reality every day. We are also incredibly grateful to our **donors, partners**, and the wider community for their invaluable contributions—without them, we would not be able to provide the vital services that children and young people in Gibraltar rely on.

Co-Chair of Trustees, Childline Gibraltar

OUR ACHIEVEMENTS

As we look back over the period from 1st July 2023 to 31st June 2024, I am incredibly proud of what we have accomplished at Childline Gibraltar.

The past year has been one of significant growth and expansion, thanks to the incredible dedication of our staff, volunteers, supporters, and partners.

A key highlight for us this year was the **launch of Teenline**, a service specifically designed to address the unique challenges faced by teenagers. Alongside this, we continue to deliver our core services through Childline, ensuring that children and young people of all ages have access to the support they need in times of crisis.

One of our greatest successes this year has been the launch of the **Resilient Minds** programme, which is designed to equip children with tools to build emotional resilience and effectively manage

the challenges they face in life. This programme aims to give children the skills to better navigate the emotional ups and downs of growing up, fostering stronger mental well-being, and providing them with coping strategies for difficult situations.

Furthermore, our **fundraising** efforts have continued to thrive, made possible through the generosity of local businesses and individuals. With the creation of our **online shop**, we've expanded the ways in which our community can support our work by purchasing event tickets and merchandise.

We have also updated our **website** to reflect our new services and expanded projects, ensuring we are communicating effectively with our community. Thanks to the support of **Piranha Designs**, we now have an online presence that reflects the modern and inclusive nature of our services.

None of this would be possible without our exceptional **team**, who work tirelessly to ensure we can meet the growing needs of the children and young people we support. This year, we welcomed **3 new Childline Supervisors**, invested in **training** for new volunteers, and provided continuing professional development for our entire team. Our dedicated staff and volunteers have made it possible for us to expand

services like **Teenline**, **Resilient Minds**, and **DART**, while ensuring that all our operations continue to meet the highest standards of compliance with **GDPR, HR, financial, governance, and IT security** requirements.

Looking forward, we remain committed to expanding our **safeguarding services** and offering more support to parents through **parenting courses**, helping to build safer and more supportive environments for children across Gibraltar.

I would like to express my sincere gratitude to everyone who has supported us throughout the year. To **PwC**, thank you for your expertise in managing our accounts and ensuring transparency. To our **Board of Trustees**, thank you for your invaluable guidance and leadership. And to our supporters, donors, and volunteers—thank you for your continued generosity and belief in our mission. Together, we have achieved so much this year, and I am excited for the opportunities and challenges that lie ahead as we continue to serve the children and young people of Gibraltar.

Our Helpline Services are delivered in line with Childline UK's practice model. Our training is constantly being updated and we work closely with Childline UK to ensure that our training and delivery is always of a high standard.

Childline Gibraltar is a member of Child Helpline International (CHI), a global network of child helplines that provide care and protection to children and young people in need. Membership of CHI also gives Childline Gibraltar access to enhanced resources and training, all aimed at enhancing skills and knowledge in child protection and counselling.

2. APPROPRIATE ADULT SERVICE

Childline Gibraltar provides a 24-hour service, every day of the year, ensuring that an **Appropriate Adult** is always available for every child under 18 in Gibraltar.

In collaboration with the Royal Gibraltar Police and HM Customs, our service guarantees specialised assistance to young persons who have been detained.

An Appropriate Adult is an impartial third party offering essential support to young detainees, when their parents are unavailable or unwilling to be present. Recognising the distressing nature of such situations, Childline Gibraltar established its Appropriate Adult service in 2008. As per the Criminal Procedure and Evidence Act 2011, an Appropriate Adult is present to safeguard the welfare,

interests, and rights of detained or questioned children and young persons. Appropriate Adults play a crucial role in supporting young people during police interviews, ensuring they understand the process and are treated fairly.

Through this service, Childline Gibraltar is dedicated to promoting the wellbeing and protection of young people in Gibraltar.

We are an associate member of the UK National Appropriate Adult Network (NAAN) and liaise with them to ensure that the standard of training and delivery is of the same high standards in Gibraltar.

4. FAMILY SUPPORT

Childline Offer Two Family Support Programmes

Our Positive Parenting courses aim to provide common sense, jargon free information and ideas to help parents engage with their children and boost their relationships.

At Childline we are determined to support parents, increasing their confidence, providing tools that work for their child and their family needs. Sharing ideas with other parents and carers is a key element of these courses. A helpful, easy to read handbook is included with each course.

Our courses include group discussions, based around real-life scenarios and practical tasks to help them build on their strengths. Each session includes space to plan any changes they want to make in their parenting and from week two, an opportunity to discuss how that's working. Our courses are run in community venues and are usually made up of six 2-hour sessions. Each session is led by experienced facilitators, who have been trained and licensed by Care for the Family UK.

Positive Parenting courses we offer:

- **The Early Years** – designed to support parents of children aged between birth & 4 years.
- **The Primary Years** – designed to support parents of children in lower & upper primary schools.
- **The Teenage Years** – designed to support parents of pre-teenagers or teenagers.
- **Children with Additional Needs** – designed to support parents who have children with additional needs.
- **Dads** – designed specifically for Dads. It looks at why and how Dads can play an active role in their child's upbringing.

We are delighted to work with the Parent and Child Society, who kindly offer childcare so mothers can focus on these sessions. Our partnership has enabled us to offer 2 Positive Parenting courses, 'The Early Years' to 12 parents across 12 sessions.

All our facilitators are trained and licensed by Care for the Family to deliver these courses.

Our Domestic Abuse Recovering Together (DART) is an innovative, evidence-based group work programme that helps children who have been affected by domestic abuse to deal with day to day living more successfully.

The 11-week programme has been developed by the NSPCC so that children, and a parent, can participate in a range of group work activities that are designed to strengthen their relationship during weekly 2-hour sessions.

Commissioned by the Ministry of Justice, in collaboration with the Care Agency, the DART programme is an integral part of Gibraltar's National Domestic Abuse Strategy 2023-2028.

During this first year we achieved our license from the NSPCC and trained up a group of specialised facilitators and set up referral pathways from professionals and individuals registering their interest to support the children.

Statistics:

- 25 children were referred into the DART programme in the first year.

The UK Government defines domestic abuse as "Any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are or have been intimate partners or family members regardless of gender or sexuality. This abuse can encompass but is not limited to:

The truth is that anyone can be affected by domestic violence and abuse, no matter their age, race, gender or sexuality. Whilst research shows that it's more common for women to experience abuse than men, domestic violence can and does happen to people of any gender. It can also occur in any type of relationship: straight, gay, bisexual, or any other. It can even continue happening after a relationship has ended – sometimes referred to as post-separation abuse.

DART aims to:

1. Rebuild the parent/ child relationship
2. Improve confidence in parenting
3. Help the parents and children reflect about their experiences of abuse
4. Help build their self-esteem
5. Help to move forward as a family unit
6. Help to deal with feelings like anger, guilt, and responsibility
7. Equip them with skills to continue to develop positive relationships at home

If you would like to register your interest in participating, get in touch:

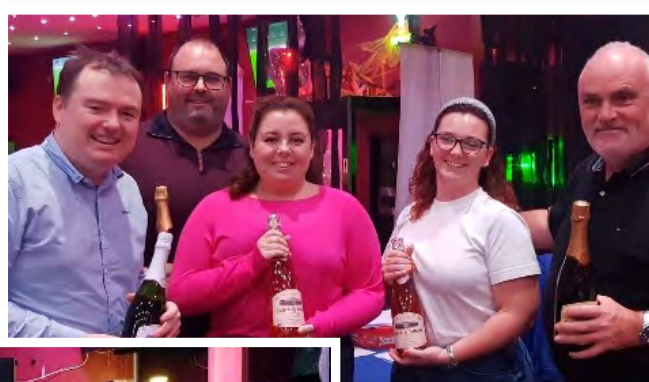

Childline Gibraltar is licensed to provide DART and all our facilitators are trained by the NSPCC UK.
